### SUPERVISORS HURRY ROAD CONTRACTOR

The board of supervisors met in regular session, Monday, July 10, at 10 a. m., there beiny present, Jos. M. Francis, presiding, Jas. T. Casey, Wm. Brown, John MacBain and C. V.

The following bids were opened for the purchase of the \$66,000 bonds of the South San Francisco school district:

E. H. Rollins and Son, \$3705; F M. Brown and Company, \$4411; Lumberman's Trust Company, \$4676 Bond and Goodwin, \$4114.

On motion, seconded by Thompson the bid of the Lumberman' Trust Compny was accepted and the bonds ordered sold to that firm.

The following bids were opened for furnishing the labor and material for all cell work, locking devices, plate work, steel windows, guards, etc., for the new county jail, now in course of construction:

M. G. West Company, \$18,165; Pauly Jail Construction Company, \$17,604; Hermann Safe Company,

The Pauly Jail Construction Company being the lowest bidder, the contract was awarded to that firm, on motion of Thompson, seconded by

R. Cloud addressed the board and presented a petition signed by Fred Kendall and others, asking for the reestablishment of the West Union school district, with the school located in San Carlos. The petition stated that there were 12 children of school age living in the district.

The prayers of the petitioners were granted, on motion of Brown, seconded by Casey.

Surveyor Neuman presented plans and specifications for macadamizing the shoulders on a portion of the Redwood-San Gregorio road from the Menlo Country Club to Neuman Bros. store at Woodside. The plans and specifications were adopted, on motion of MacBain, seconded by Thompson, and the clerk was in structed to advertise for bids, said bids to be opened August 7.

Surveyor Neuman presented plans and specifications for oiling and screening the San Gregorio Creek road for a distance of 7.43 miles, said work having been ordered done at the last meeting of the board. The plans and specifications were adopted on motion of Thompson, seconded by Brown, and the clerk authorized to advertise for bids.

At the request of Surveyor Neuman, and on motion of Thompson, seconded by Brown, it was ordered that Contractor Lou G. Hare be instructed to proceed immediately with the completion of the Pescadero road from the Gazos creek to the county line.

Surveyor Neuman reported that Contractor McReynolds was not doing any better in the matter of the construction of the Hillsborough to Halfmoon Bay road from the latter place to the Crystal Springs Lakes, and in an interview recently had with him, the contractor stated that it was impossible for him to proceed any faster with the work, and indithat he didn't intend to try to. Realizing the seriousness of the situation, the board, on motion of Brown, seconded by Francis, voted to give McReynolds 15 days to put on more equipment in order to get the work under way, with the understanding that if he failed to do so the

county would take action. Supervisor Thompson called the board's attention to the unsafe condition of the bridge over the creek in the town of San Gregorio, owing to the rotting away of the timbers and the piling. He said that the structure was liable to drop into the creek any moment and asked that some immediate action be taken in the matter. On motion of Thompson, seconded by MacBain, Engineer Neuman was instructed to make an nspection of the cost of a new

bridge to replace the ol done. The following persons having presented petitions for county aid, were granted assistance in the sum of \$8 per month:

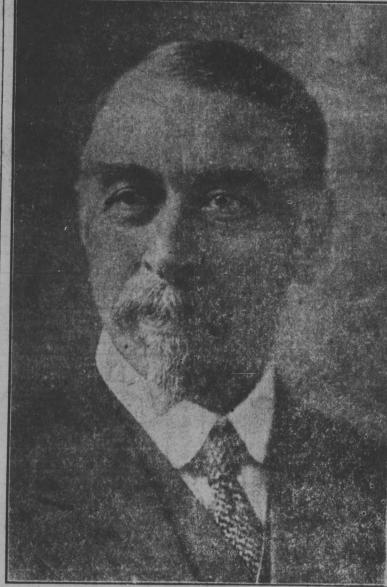

George F. Delaney, aged 62, Visiacion; Mrs. Mary Hodges, aged 72, San Bruno, Sophio Levinson, aged 36. Daly City.

Mrs. Christine Bacon of San Mawhose husband is dangerously and who has a fifteen-months-old aby, was awarded aid, on motion of

Brown, seconded by Thompson. A communication was received rom Arnold Foster, secretary of the Union Iron Works, San Francisco, calling attention to two dangerous culverts on the Bay Shore Road. The mmunication was referred to upervisor Casey, who stated that he already had the matter in hand.

# CONGRESSMAN E. A. HAYES HAS ESTABLISHED SPLENDID RECORD

HE HON. E. A. HAYES who represents the Eighth Congressional District will be a candidate for re-election, and needless to say, if his record of accomplishment is appraised at its true value, will be reelected. No district in California has ever had a representative whose achievements, either State or National, have been of more value to the

Mr. Hayes, by his long service and fidelity to manifold duties, has gained a recognition on the floor of the House enjoyed by but few of his associates. He is Ranking Republican member of the Banking and Currency Committee and will be the Chairman of that Committee should a Republican Congress be elected this Fall. The present Banking and Currency Law contains many provisions of his authorship, while his activities as a member of the Immigration and Naturalization committee have been complimented and commented upon by the press of the entire country. Of the Rural Credits Bill he has had much to say in public debate as well as in conference, and it is conceded by his associates that no one is better informed on this difficult subject than he.

But perhaps the most distinctive triumph of Mr. Hayes in the present Congress was his address to the House on the tariff question. He laid bare the inequalities and stupidities of the present tariff law, calling to his aid numerous and exhaustive tabulations showing the effect upon the country's industries of the Democratic tariff system. Thousands of copies of his address were circulated throughout the country and commented upon unusually favorably in the newspapers and magazines.

Mr. Hayes is one of those Republicans who believe in the free and unrestricted expression of the humblest member of the party. He has ever been opposed to extreme reactionaryism and is grateful as are other Republicans to the Progressives for the part they played in the remodeling and revitalizing of the older party. He has many old and staunch friends in Redwood City who will be gratified to learn that not only will he accept a renomination but that his constituents clear to Santa Barbara are solidly supporting him.

## cated, according to the surveyor. GOOD ROADS OF THIRD DISTRICT SUBSTANTIAL TESTIMONY FOR MacBAIN

C UPERVISOR JOHN MacBAIN has constructed more miles of good roads during the three and a half years he has been in office than was done in the district for forty years previous. It is quite true that the county bond issue aided him materially to accomplish this task but neverthe less aside from that fund he has built many miles of permanent highways out of his own road funds. The roads he constructed are substantial, modern and will last for many years. The third township abounds in good auditor and treasurer to transfer the highways and the man who built them will be retained in office to continue the good work, so auspicesly begun. Perhaps nowhere in the state are the ed fund to the county highway fund highways so substantial and attractive as they are in the third township of San Mateo County. The mountain roads are equal to the fine thoroughdew La Honda road, were presented, fares in the valley, all are broad and beautiful and the delight of the On motion of MacBain, seconded by motorist. Let the improvements go on by reelecting Mr. MacBain for another term.

THIS MATTER OF ANNEXATION

Are you a newspaper reader, and do you rely somewhat upon newspaper "scare heads?" If so, you may have already been convinced, from what the San Francisco journals have been publishing, that San Mateo county is clamoring to become annexed to San Francisco. But that is the weak spot in the whole controversy, as may be briefly related.

San Mateo was formerly a portion of the City and County of San Francisco. Through a division of territory the City of San Francisco, and the County of San Mateo, were afterward formed under separate govern-

The dividing line between the City of San Francisco and the County of San Mateo was not a natural boundary but an arbitary line commencing at the ocean and cutting straight across hill, valley and mountain until it reached the waters of the bay. Thus, the dividing line is something invisible and unsatisfying.

The reality is, that after half a century of pioneering a prosperous community has been built up along the Bay Shore that today practically merges and has become a part of San Francisco, while the fertile valley dis-

abilities will aid in getting his measures through the legislature. Mr. Willard has a large number of friends boosting for him throughout

the county. Mr. Willard reports conditions favorable to a united Republican vote for Hughes and Fairbanks, and he thinks the various elements in the Republican party are pulling hand in hand to carry this county and state for the Republican party. In his own fight conditions are favorable and the Republican voters are impressed with the idea that Mr. Willard is the logical man to succeed the late Henry Ward Brown, because a law-maker should be trained and experienced to do legal work. It seems plain that the time to detect "jokers" in laws is while the laws are being passed; that the time to properly frame good laws so that the courts will not knock them out as "unconstitutional" is while the laws are under consideration in the legislature. Our social and industrial conditions are so complicated and the laws already in existence are so varied that satisfactory new laws cannot be passed without long study and experience with such

Henry Ward Brown was a commanding figure in the legislature during many years past simply because he knew what he was about and was able to point out defects and "jokers" in proposed laws, and in that way prevented many vicious measures from getting upon our statute books.

Saints of the Bath. I would not say a word in deprecation of modern plumbing. Beyond a doubt it is one of our greatest blessings and the herald of a true democracy when there shall be neither a "great unwashed" nor a "submerged tenth." But, somehow, Saturday has lost its savor. Life is tamer than it used to be. No man in his senses Pray come and interpret this Gaelic, sleepers, to cross the great plains in would wish, in this day of Pullman a prairie schooner, but the names of And tell what an Irishman means by the men who risked their lives to do It are enshrined in history. And so I think we ought to build a little altar to the middle class country mothers who, in the face of every obstacle kept the Saturday night bath a sacred institution and handed it down to their children inviolate.-Katherine Keith in Atlantic.
